

Aerial Rescue

September 19-20, 2019
LSU AG, Burden Botanic Gardens
4560 Essen Lane, Baton Rouge LA 70809

Do you know how to **respond to an emergency**? Are you looking to learn more about **emergency preparedness, readiness, accident prevention** and **emergency medicine**?

Location: LSU AG, Burden Botanic Gardens, 4560 Essen Lane, Baton Rouge LA 70809

Date: September 19-20, 2019

Course Times: 8:00 am – 4:30 pm (both days); lunch is not provided

Cost: \$450 per attendee

CEUs: ISA and CTSP credits will be available

Equipment Requirements: Participants are required to bring personal protection equipment and their regular climbing gear (harness and line).

Course Description: This course is designed to educate tree climbers in the most likely scenarios where they may have to respond to an emergency while working at height. This course focuses on the importance of Emergency Action Planning (EAP) and emergency preparedness protocols in a high angle environment. The importance of self-rescue strategies and methods to minimize risk exposure to co-workers is discussed and demonstrated. Systems designed to facilitate an efficient and practical rescue are described, demonstrated and practiced by participants. Attendees are trained and educated in the current injury and fatality statistics common to tree work and specific rescue techniques developed as a result of these statistics are trained and practiced throughout the course. Physics and engineering concepts such as reaction force, potential energy, and vectors associated with work at height and various fall protection systems are described and demonstrated to be assessed by participants.

Through hands-on rescue opportunities and practice, participants will learn the following skills:

- Risk Assessment Hierarchy of Controls & PPE
- Fall Protection Types, Systems, Fall Protection OSHA & ANSI
- Authority Having Jurisdiction (AHJ) Scene Management & First Aid
- Scenario Identification; Injury Extent & Severity Evaluation
- Tree Climbing Emergency Response

Eligibility Requirements: Participants are given the opportunity to perform rescues during the course, so are encouraged to be experienced climbers before participating at this level.

Applicable Standards: This course meets the ANSI/ASSE Z490 Criteria for Accepted Practices in Safety, Health, and Environmental Training as well as ANSI Z133, OSHA 1910.38, 1910.331, 1910.269, and 1910.269.

Age of Majority: Each participant must be over the age of majority in the state in which the course is being held

Aerial Rescue

(One form should be filled out for each individual)

Location: LSU AG, Burden Botanic Gardens, 4560 Essen Lane, Baton Rouge LA 70809

Date: September 19-20, 2019

Registration Deadline: Early registration ends on September 5, 2019 (may allow late registrants if space is available)

Daily course times: 8:00 am – 4:30 pm (both days)

Cost: \$450 per attendee
