North American Training Solutions **CARES** about the safety and well-being of you and your team. Together, we will identify solutions to meet your training needs.

C... consulting and compliance

A... audits/assessments

R... resilience

E... education and training

S... site safety

We believe in empowering individuals with the resources needed to safely perform their jobs so at the end of the day, everyone returns home safely to their friends and family.

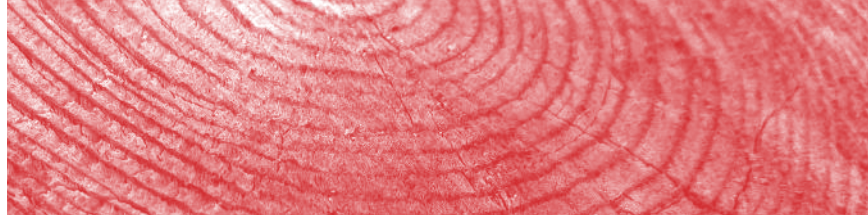

Our **CARES** package offers you a flexible schedule to meet your budget and training needs. Through a combination of in-person and virtual programs, we will work with you to build a culture of safety within your organization.

BENEFITS:

- Having a snapshot for the year allows you to better plan and manage your budget
- Gaining a better understanding of your employees' perspective of your organization will increase morale
- Combine in-person training with digital learning to expand your team's safety toolkit
- You determine which courses are best for YOUR team

SERVICES

In-person Training

NATS will train YOUR employees to meet YOUR needs. By offering a theoretical and hands-on learning experience, your crew(s) will obtain training and experience on the course topic you choose, helping them to work safely and efficiently.

EHAT Online Course

Through this online training program, your crew(s) will learn how to work safely while working in proximity to utility lines in accordance with OSHA guidelines.

Virtual Tailgate Safety Meeting

These short safety trainings will help keep safety in the forefront as your crew(s) begin their day on the job site.

Individual and Organizational Performance Assessments

Gain a better understanding of individual team members' perspective of communication flow, organizational culture, and personal performance as it relates to health and wellness and experience.

Safety Auditing/Consulting

Review incidents/near misses and help client uncover where their crew(s) may need training.

Prescriptive Competency Assessments

As a follow-up to auditing, NATS will work with the client to perform skills assessment and recommendations for additional training if needed.
