Course Times: 10:00am – 6:00pm EST on scheduled course dates; includes a 30-minute lunch break

Cost: \$999 (Course registration closes on 2/14/2023)

Class Size: This course is limited to 24 participants.

Are you interested in joining an elite team of Safety Professionals who are passionate about safety and even more passionate about improving the performance of the arboriculture trade? Are you responsible for supervising or auditing crews performing line clearance arboricultural operations including pruning, tree removal, equipment operations, and other types of vegetation management? Then this course is for you!

Utility arboriculture and vegetation management is the largest sector of the arboriculture industry and requires specialty skills and protocols to safely perform job tasks in proximity to electrical conductors, hardware, and equipment.

NATS is the only nationally recognized training organization utilizing OSHA-Authorized trainers to train, mentor, and educate consulting utility foresters and supervisors in the specific skills needed to adequately provide safety quality assurance and safety resilience for field / craft workers performing line clearance operations.
